CCT Venues-Docklands

Experts in Event Space

With waterfront views, a private outdoor terrace and stylish interior design that's full of character, the newly refurbished CCT Venues-Docklands brings a breath of fresh air to a fast-changing area of London.

Re-opened after renovation in May 2018, our spacious Docklands property is equipped with an inviting exhibition area with private lounge, a large conference suite, fourteen individually air conditioned meeting rooms in a range of sizes, and a stylish restaurant run with passion by our award-winning in-house chefs.

Features include digital wall art, bespoke fixtures and fittings, and expansive views of the water from floor-to-ceiling windows, providing businesses across the capital with the perfect alternative to uninspiring hotel conference rooms and typically bland meeting spaces.

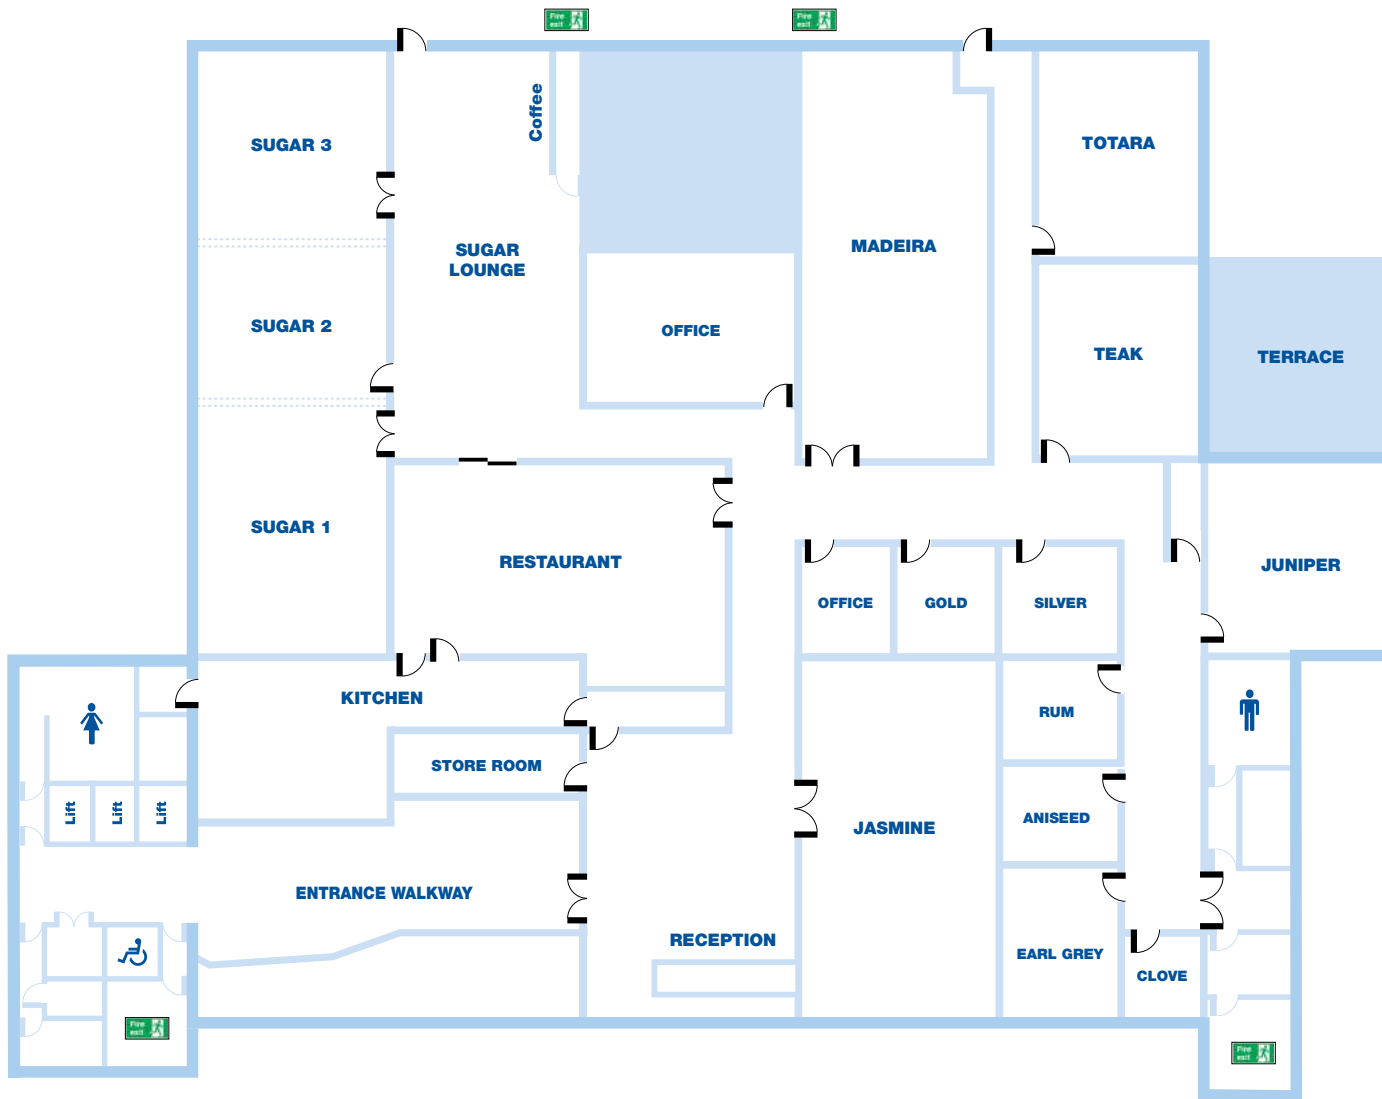

The site also has high-speed technology and excellent AV facilities – and technical support will be available throughout your visit should you need it.

This flexible venue can perfectly accommodate up to 250 delegates, making it the ideal choice for exhibitions, conferences and events, as well as smaller meetings.

Rooms	Size	Minimum numbers	Maximum Theatre style	Maximum Classroom style	Maximum Cabaret style tables of 8	Maximum Banqueting style tables of 10	Maximum U Shape style	Maximum Board style	Exam Style	Maximum Stand-up Reception
